I concur that R2 did not agree to a response on the July 2013 letter - it was as stated in my earlier part of the CPG's proposal.

Thanks, Rob - we will get back to you with any concerns, but in the meantime, please note that Region 2 did not agree to respond formally in writing to the CPG's July 31, 2013 letter; I said we would review the situation again.

Subject: 17-mile LPRSA RI/FS & RM 10.9 Progress Reports

Stephanie:
As we discussed during our telephone conversation earlier this morning, the CPG has reviewed the Region's September 1, 2015 letter and has the following proposal:

1. CPG will update and revise section d of both the 17-mi RI/FS and RM 10.9 progress reports including moving older matters to an attachment in each report.
2. CPG will agree to make these changes to the August 2015 and future reports, but does not agree it is necessary to revise the July 2015 reports at this time.
3. Region 2 agrees to respond formally in writing to CPG's July 31, 2013 letter disagreeing with Region's denial of Force Majeure.

Please let us know if this is acceptable to the Region. If so, the August reports will prepared to reflect these changes.

Please contact Bill Potter or me with any questions
Thank you.
